### **More Information**

- Standard full floorboards minimise wheel spray reaching the rider and are vented to allow mud and water to drain
- Electric-start, 246cc engine
- Dual hydraulic front brake discs
- Halogen headlights

- Serrated steel footpegs promote grip in wet conditions
- Automatic tensioning system reduces the need for regular maintenance
- Smooth bodywork, seat and fuel integration makes it easy for the rider to shift weight longitudinally and laterally
- Fuel tank holds 10.6 liters including 2.6 litres of reserve capacity
